FORGET'S FLIGHT.

How He Escaped and Where He Went.

The return of Tom Forget whose mysterious flight bothered the officers for months is back again in the quarters from where he walked so unconcernedly.

A representative of the Prospector visited him in his cell this morning and found him willing to talk. When asked to give an account of his experience since May seventh, he began by saying that the Prospector's report of his escape was a correct one. He scaled the jail wall and dropped over into the alleyway back of the court house.

"You see" he continued, "I went down the trail back of the hills and after I got a short distance, my breath gave out and I sat down to rest, while I was there two or three men came around hunting me with lanterns. They came within 75 feet of me at one time. I kept on walking till I reached Contention and from there went to Benson and then to the Whetstone mountains where I stayed eight days. I had a few dollars and I got along all right.

"I concluded to come back to Tombstone and fix up some matters, and 11 days after I left I was back here. I remained here two days and nights. Coming up Toughnut street, I met Banker Wood out riding on horse back with a lady but he didn't recognize me. After finishing my business here I went to Benson and from there walked to Denning where I hired out to a rancher who was digging a well and putting in a windmill. I worked there one month and returned to Denning. The first person I saw was a lady resident of Tombstone who recognized me and a day or two afterward deputy Sheriff Taylor showed up. About that time I hired out to Fitzgerald, who is working the American mine at Hatchita. I went there and worked 40 days. There was a man working in the mine who knew me when I worked in the Grand Central mine.

"I was on my way to Separ to give myself up to the officers, but four men followed me and tried to rob me, they knocked me down and cut me across the face with a six-shooter. I gave my money \$60 to Tommy Howell as soon as I found him and came back with him without waiting for extradition papers.

"I had made up my mind to return as soon as I had money enough to employ a lawyer to defend me."

Forget does not fear any trouble in getting acquitted, if he does he does not show it.

The story of the horse race he says was true, except the race took place the day before he was captured, and that he won \$15 on the horse instead of ten.

The story of his capture as related by the officers at Separ, is that he was getting down to Separ to take a freight train, having been notified that the officers were after him, that he came within an ace of getting away and was knocked down while trying to reach the train.

IF YOU WANT A genuine surprise in the way of getting more than your money is worth, buy a five cent cake of Bough on Dirt Family Soap.

Coming Events.

Saturday, September 20—Republican primaries in Cochise county.

Monday, September 22—Democratic primaries in Cochise county.

Wednesday, October 1—Republican County Convention in Tombstone.

Monday, October 6—Democratic County Convention in Tombstone.

The district court will remain open to-morrow evening a sufficient length of time to allow any person who may feel inclined, to take out their second or naturalization papers.

A number of passengers on the stage to-day were from Bisbee and came over to take out their naturalization papers.

Lucero Parco was on a lark last night and about midnight procured a 45-calibre pistol and attempted to kill a woman whom he imagined he had a grudge against. Frank Ryan was in

front of Fly's gallery when the gun went off and caught the disturber of the peace within a stone's throw of where he stood. With the assistance of Murry Long they took the man to the city jail, and upon having a hearing this morning he was bound over to appear before the grand jury. Parco is the Mexican who was with Sheriff Slaughter at the time he had the fight with the Sonora train robbers in the Whetstone mountains a couple of years ago.

PERSONAL POINTS.

Judge Sloan arrived yesterday.

M. McGuirk is over from Bisbee.

G. W. Cheyney is back again after a short absence from home.

Fred Hawke had a relapse yesterday and is down again with pneumonia.

Court reporter Tichenor arrived by to-day's stage and will remain during the session of court.

Among those who left on the 8 o'clock stage this morning were Wm. Shilliam and Chas. Smith.

George Kohler has returned from a hunting trip in Sonora. He killed plenty of game on the trip.

George Daily tells the Star that he is not and never has been a candidate for any office in this county or district.

According to the Florence Enterprise, John P. Clum, who has been on the Examiner for some time, has accepted an appointment to a thousand-dollar clerkship at Washington.

The Star says that Daly was seen in the Patagonia mountains a few months ago, and that several parties talked with him who knew him. They report now that he had lost his reason.

Judge Sloan has appointed Santiago Ainsie district court commissioner vice L. C. Hughes, resigned, all of Tucson. It is rumored that Judge Berry will also resign during the present term of court.

Henry Zeuner returned yesterday after an absence from Tombstone of four months. During this time he has visited California, Oregon and Washington. The rain of yesterday was the second one he has seen in that time. The climate of the northern country did not agree with him and he returned upon the advice of a prominent physician. He met many Tombstone people in his rounds.

Among the interesting news items gleaned from Henry Zeuner, who has returned from the northwest, may be mentioned the departure of Fred Wald for Bolivia; the meeting of Mr. Frary, father of Mrs. Ward Priest, who was prospecting in Washington, and also of Tilden, of newspaper fame, in Chico, California. Ira Bartlett, who sold his team here a few days ago, has a block of land near Gray's Harbor that is going to make him rich.

Is Consumption Incurable?

Read the following: Mr. C. H. Morris, Newark,
Ark., says: "Was down with above of lungs, and
friends and physicians pronounced me an incur-
able consumptive. Began taking Dr. King's New
Discovery for Consumption, am now on my third
bottle and am able to resume the work on my
farm. It is the finest medicine ever made."

it not been for Dr. King's New Discovery for Con-
sumption I would have died of lung troubles.
Was given up by doctors. Am now in best of
health." Try it. Sample bottles free at J.
